Pray together and ask God to show you which resources He wants you to utilize and how they could be used effectively. Covenant to study one or more of these resources together.

Questions for the Pastor: Could the children's leaders prioritize their needs and acquire some of these items? To validate the expenditure, could you help determine some items that could be used for more than one ministry in your church? For example, *Kids' Discipline 101* could be used for Bible Study leader training as well as a parenting conference or discipleship study.
