

IMPACT REPORT

CP ► MAXIMIZING GOSPEL IMPACT

📍 IMB

- IMB Journeymen who originally committed to two-year terms **decided to pursue full-time service**, influenced by the preparation and training they received and your support through the Cooperative Program.
- **A new training center in Panama** for Latin American global missionary partners opened with ten missionaries participating in the first five-week session.
- A small church planted by IMB missionaries in South Asia has led to the **first generation of children raised to follow Jesus** in that community.

🎬 NAMB

- GenSend sent **200 college-age young adults** to serve in cities and learn what it means to live on mission during the summer.
- **Thirty new chaplains** were endorsed to serve in various roles around the country.
- Send Relief Tours in Columbia, SC, and Fort Collins, CO, tallied 77 completed projects and witnessed **157 professions of faith!**

📺 LOUISIANA BAPTISTS

- ReGroup Conferences trained **740 small group leaders** across three locations in August. 
- Caldwell Association hosted the **inaugural Evangelistic Preaching Clinic** in September. Your CP gifts enabled participants ranging in ages from 17 to 70 to sharpen their preparation/delivery of evangelistic expository sermons. More clinics are slated for 2026.
- Camps Rule! Over 1500 children attended Kids Camp in July and **94 decisions for Christ** were recorded. Champions Camp, a camp designed for special needs participants, almost doubled their attendance over 2024.

- **Here for You**, Louisiana's multi-media outreach, continues to reach people like Jane (*name changed*). After multiple follow-up attempts, Jane responded by asking for prayer for her health and financial situation. Over **250 Here for You prayer partners** lifted her up and thanks to your CP gifts, she received a Bible and list of Louisiana Baptist churches in her area.
